TruckMaster

PRO SERIES ETP-500

Oil, Water, Sludge & Carbon!

Is this your Air-Brake System?

TruckMaster Filter eliminates oil, water, sludge and carbon before it enters your Air-Brake System or Air-Dryer.

NSN: 2530-66-155-9939

NSN: 4810-66-155-9895

NSN: 4820-66-155-9896

International Patents Apply

TruckMaster Filter is specifically designed to suit:

- Road and Rail Air-Brake systems.

The benefits of fitting **TruckMaster Filter** to your vehicle Air-Brake system:

- Eliminates oil, water, sludge and carbon.
- No desiccants, chemicals or replacement filters.
- One quick (25 min) service every 120,000 kms.
- Electronic actuation of drain valves -
- Does not rely on compressor governor valve.
- Does not block or stick.
- No purge valves – No purge tanks or purge cycle.

The benefits of fitting **TruckMaster Filter** upstream to an Air-Dryer:

- Dramatically increases performance, efficiency and reliability of your desiccant Air-Dryer.
